

MATTRESSES PILLOWS CUSHIONS HEALTHY BACK PRODUCTS

Automation Redefined

New innovated technology from years of research and with renowned scientists. Automated Injected Latex Foam.

THE STORY OF US

Foams India Bed Products is a 100% Natural Latex Foam manufacturing company situated in Chennai,India.

We are one of the leading producers of Rubber foam Mattresses, Pillows, Cushions, and Slabs confirming comfort, Safety, and Durability. We manufacture Foam Mattresses under the registered TradeMark "foams india" which are available in Soft, Medium, and Hard qualities and in different sizes as per the requirement of age, size, and shape. The products are anti-allergic and keep you warm in the winter and cool in the summer. Independent tests prove that our latex foam is three times more resistant to dust, mites, and bacteria than ordinary mattresses. Foam India mattresses can last up to 20 years.

No problem of sagging and no inconvenience. It conforms to the contours of the body creating a cushion and no pressure points are caused during rest, thereby providing a delightful, refreshing, and restful sleep, just like a baby.

We bring you internationally preferred latex foam sleeping systems for over 26 years

To be the best natural resource, it has to be organic. At Indian Bedding, we proudly carry the Foams India bedding product range which offers 100% natural latex mattresses and pillows.

Natural latex is the best-kept secret in sleep. It instantly responds to every curve of your body for pressure-free support, is naturally resistant to mold and microbes, and has outstanding durability.

No latex brings these benefits together more perfectly than pure Indian Dunlop latex.

That's why we've used it to create Foams India's Natural Latex Foams.

About Of Our

BUSINESS GROWTH

It started in 1996, when we wanted a natural mattress other than a normal cotton mattress — made from non-toxic, natural, and organic materials — that we could actually afford. But instead of options, we found greenwashing and gray areas. What was being marketed as organic, all-natural, or non-toxic was, in truth, hardly so.

About Of Our **EXTRA FEATURE**

It's the First in India to manufacture a mattress in continuous automated latex production and we are honored for the effort we have done. We have a big capacity in the latex manufacturing field that no other companies in India can give in the latex field.

We have the capacity to manufacture a Full-Size mattress of 78 x 80 molded latex sheets in different thicknesses and densities.

We have the capacity to manufacture bulk latex pillows production of 800+ Pillows per day.

Actually Why

CHOOSE US?

We are dedicated to providing the mattress industry with the highest quality in sustainably sourced Indian-made latex mattresses, sheets, toppers, pillows, and healthy back products. Our company never settles — on customer service, quality, or comfort. That's why we invented, patented, and continue to perfect Natural Latex Foam®, our proprietary latex continuous-production process. Our advanced process is based on science that's leading the industry and specially designed for a better night's sleep.

Return to nature every night.

Foams India brings the purity of nature to your bedroom

100% Natural Latex

Some manufacturers use a thin top layer of natural latex over layers of synthetic latex or petroleum-based foam. Foams India is the real thing, through and through.

Organic Cotton GD Layer

Our latex foams are covered with Cotton GD Cloth(inner layer) enhances the breathability and comfort of the mattress, wicking away moisture for a cooler, drier sleep.

Organic Bamboo Cover

Our Foams India Latex Foams, all-natural latex mattress — Outer layer are all finished with a cover of rich organic bamboo cover with zipper. It's healthy, breathable, and supremely comfortable

THE SPECIALITY COLLECTIONS MORE CUSTOMIZED LATEX FOR SUPERIOR SLEEP

Always available in both cores and toppers, made exclusively with our quality Performance Latex.

Each Foams India Product Family Is Guaranteed To Deliver:

Responsive comfort, contouring to the body's movement throughout the night

Breathability for the perfect sleeping temperature

Enhanced pressure relief on sensitive areas

Resistance to breakdown and body impressions for long-lasting durability year after year

Uplifting support for a weightless, unsinkable feeling

An eco-friendly choice

Delivering comfort in 3 levels of firmness:

Med Soft	Medium	Firm
70	80	90

* CUSTOMIZED FIRMNESS LEVELS ARE ALSO AVAILABLE

Designed, Sourced, & Manufactured in the INDIA

We are proud to say that all of our products are made right here in the Chennai, INDIA. With all the horror stories we hear in the news about imported products, it's assuring to know that you and your family are protected. Manufacturing in the INDIA also allows us to create jobs domestically, to monitor the quality of our products first hand, and adhere to all of the India.'s stringent health and safety guidelines.

PEARL - FX MATTRESS

With Consistent Foam Technology

Natural Latex is the healthiest, most eco-friendly bedding choice. And when you buy your Natural Latex from Foams India, you know you're getting a superior product. When compared to the competition, our Natural Latex is scientifically proven to have minimal firmness loss – attesting to its long-lasting comfort and durability

Consequently, Natural Latex Foam is always cool and comfortable.

All our products are made of 100% pure Latex.

Hypoallergenic organic material makes healthiest and most Eco friendly.

The moment the body rests, it keeps the body in a floating position.

Last long for 22 plus years without any deformation.

The resilient power varies according to density. More the density, more will be the support.

Our Natural Latex Foam is proven to perform substantially better than the competition in both wet compression and dynamic fatigue testing. The data reveals minimal hardness loss on both tests, which simulate the effects of sleeping on the latex over extended periods of time. That means minimal body impressions, minimal breakdown and a mattress that delivers the same lush comfort, year after year.

MATTRESS LAYER CONSTRUCTION

CHOOSE YOUR MATTRESS FABRIC

the bamboo fabric is perfect for those who love the feel of Soft, freshly-washed touch. These bamboo fabric are breathable because we want you to sleep cooler and longer, waking up feeling refreshed. Our cloth is strong and will be softer with each wash, just like your favorite T-shirt.

Bright look.

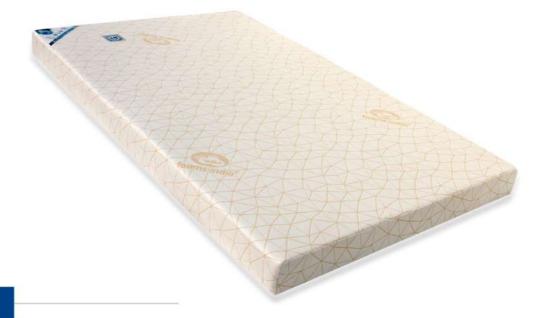

Very soft, nice touch.

Instantly absorbs moisture.

Rayon is a special fabric. It wears as good as cotton fabric and feels so soft as silk. It is not without a reason that rayon was often mentioned as "artificial silk" in the past.

CHOOSE YOUR MATTRESS FABRIC

This Handloom Fabric is perfect for those who want irresistibly cozy sheets and aren't looking for the cool touch of baboo or quilt. A blend of pure cotton, they have just enough natural stretch while still fitting snugly on your bed. These fabric are low maintenance and designed to wick moisture away from your body, prevent pilling, and not wrinkle.

AVAILABLE IN TWO COLOUR VARIATION

FOAMS INDIA'S NATURAL LATEX FOAMS

Foams India's Pure Latex Support Cores maintains proper support for a comfortable night's sleep.

FOAMS INDIA'S NATURAL LATEX TOPPERS

Foams India's Natural Latex Toppers bring the gentle conformability and pressure relief to the surface of the mattress. Our continuous process guarantees that all of our products are one piece with NO vertical Glue seams or laminations. This ensures uniform consistent feel across the entire surface of the mattress. No firm spots, soft spots, or inconsistent feels – they feel JUST RIGHT.

Benefits of Foams India's Natural Latex Products

Unrestricting Support

You move each night, with several major position changes. Your body does this to relieve the pressure of lying in one position and to control temperature. Foams India's materials are designed with this in mind. Our latex is designed to help relieve pressure on sensitive areas, helping reduce the amount of tossing and turning. Foams India's Natural Latex Foam is also instant recovery, allowing for ease of movement.

Breathable

Throughout the night your body needs to release at least a half a degree of body heat. If your mattress retains your heat you will wake up uncomfortable. Foams India' Natural Latex Foam does not change consistent feel due to ambient temperature changes. This breathability allows heat to escape away from your body, resulting in a more comfortable sleeping environment.

Motion Control

Foams India' Natural Latex Foam helps to reduce partner disturbance by limiting motion transfer across the sleeping surface.

Durable

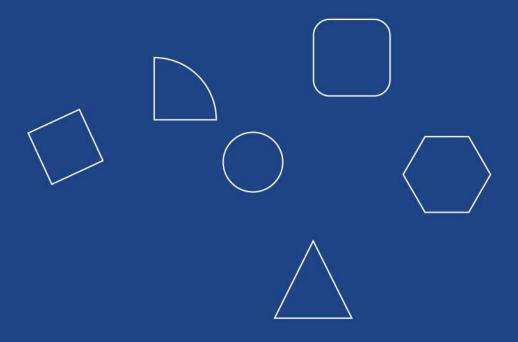

Foams India's Natural Latex Foams resists body impressions and softening better than many products used in the mattress industry today. This durability ensures that the mattress you purchase containing Foams India's Natural Latex Foams will maintain its comfort and support longer. Secure your peace of mind by investing in a quality sleep set that contains Foams India's Natural Latex Foam material.

HEALTHY BACK PRODUCTS

HEALTHCARE

Our medical mattresses have been developed to provide the support patients need.

We also supply orthopedic pillows, bolsters, wheelchair seats, and support wedges in natural latex to both private and public healthcare facilities.

DONUT CUSHION

Size: 16"inch (Dia)

Specially designed natural latex cushion for people suffering from hemorrhoid pain.

Medium Soft Natural latex cushion conforms to your body for superior cushioning while resisting punctures and leaks. You don't have to sit sweaty, with hundreds of open airways that keep the Donut cushion temperature-neutral, even after sitting for long periods of time. Sit comfy longer without your tailbone or wallet causing discomfort. The donut cushion is engineered to relax under pressure while evenly supporting your body. Donut Cushion quantity

MRP: 1500/-

TAIL BONE CUSHION

Size: 16 x 16 x 3"inch

The cushion is made with 100 % Natural Latex Foam provides excellent push back support and will not sag on usage. The Tailbone cushion reduces pressure on coccyx, tailbone and hip bones while sitting or driving. The cushion assists in relief and treatment of lower back pain, numbness, sciatica and pressure sores. Provides superior comfort for an office chair, car seat and on floor

The cover used is removable and washable bamboo fabrics.

MRP: 1500/-

BED WEDGE

Size: 27 x 24 x 8"inch

The Bed Wedge is used for different purposes like support when sitting or lying down. It is made of 100 % Natural Latex Foam ensuring no heat production and will not sag on usage. This wedge helps to keep the body in the right position while easing out pressure and fatigued areas. The Bed Wedge prevents pillow stacking while enhancing the person's posture.

MRP: 6000/-

Nurturing the planet as it nurtures your sleep

We approach manufacturing and distribution in eco-responsible ways that are designed to leave the planet and our communities healthier than we found them.

CO2 reduction

The process that transforms natural liquid latex into Dunlop latex does not produce greenhouse gases — it, in fact, absorbs them. In addition, rubber trees scrub millions of tons of carbon dioxide from the environment each year.

Sustainable harvesting

The natural latex used in Foams India Foams is tapped from rubber trees in much the way maple trees are tapped for syrup. The trees are not harmed in the process, and a single tree can produce latex for up to 25 years.

No harmful byproducts

Dunlop production is a completely water-based process, generating no byproducts that are harmful to the environment. The finished product is also free of toxins of any kind, including the volatile compounds "outgassed" by synthetic foams.

Built eco-responsibly in India

Foams India's Latex Foams is built in Indian factories using Indian Dunlop latex. We don't ship our latex from overseas as many other manufacturers do. This means we have a much smaller carbon footprint — and we can be sure of the most ecologically responsible manufacturing practices.

- No ozone depleters
- No PBDE flame retardant
- No phthalates
- No formaldehyde
- No mercury, lead, or other heavy metals
- No volatile organic compounds (VOCs
